

Gauge Adaptors

www.txtestplugs.com

Gauge adapters are used in combination with a test port and pressure gauge or thermometer to quickly and inexpensively test pressure or temperature.

Gauge Adapter	
Body: 1/4" NPT Female Brass	
Part Number	Description
GA-80-01	Gauge Adapter 1/16" x 1 1/4" 304 Steel Needle
GA-80-02	Gauge Adapter 1/8" x 1 1/4" 304 Stainless Needle
GA-80-03	Long Gauge Adapter 1/8" x 3 1/8" Stainless Needle

Gauge adapters are easy to use. Screw the adapter onto the pressure gauge of choice, 1/4" NPT connection.

Then insert the needle into the test plug.

Do not leave the gauge adapter in the plug for more than 15 minutes.

All Gauge Adapters are carefully manufactured to ensure highest quality; and carry our exclusive **2-year limited warranty**.

Our longer 1/8" x 3 1/8" Gauge Adapter (Part GA-80-03) is an excellent option for test and balance operations, heavy insulation and many other special applications.

A probe guard ships with each gauge adapter.
