Pressure/Temperature Test Plugs. 1/4" and 1/2" NPT. Brass and Stainless steel.

Our Pressure/Temperature (P/T) Test Plugs are self-sealing access ports designed for quick and accurate pressure and temperature measurements. Available in multiple materials and sizes, they simplify system commissioning, balancing, and troubleshooting while providing years of reliable service in HVAC, hydronic, geothermal, and industrial applications.

## Pressure/Temperature Test Plugs. Materials and Part Numbers. 1/4" NPT

### BODY MATERIALS

Standard body materials are C360 brass, Lead Free brass, 303 Stainless steel and 304 Stainless steel.

316 Stainless steel is an optional material at this time. Minimum order quantity 2500 pcs. Typical lead time 6-8 weeks.

### 1/4" Short Test Plugs Neoprene Core Temperature and Pressure ratings are nominal and depend on the specific application.

| Part no.    | Body Material   | Temperature Rating | Pressure Rating |
|-------------|-----------------|--------------------|-----------------|
| N-76-01     | C360 Brass      | 200 deg. F         | 1000 PSI        |
| N-76-01-LF  | Lead Free Brass | 200 deg. F         | 1000 PSI        |
| N-76-01-SS  | 303 Stainless   | 200 deg. F         | 1000 PSI        |
| N-76-01-304 | 304 Stainless   | 200 deg. F         | 1000 PSI        |
| N-76-01-316 | 316 stainless   | 200 deg. F         | 1000 PSI        |

### 1/4" Short Test Plugs Nordel Core Temperature and Pressure ratings are nominal and depend on the specific application.

| Part no.    | Body Material   | Temperature Rating | Pressure Rating |
|-------------|-----------------|--------------------|-----------------|
| N-76-02     | C360 Brass      | 300 deg. F         | 1000 PSI        |
| N-76-02-LF  | Lead Free Brass | 300 deg. F         | 1000 PSI        |
| N-76-02-SS  | 303 Stainless   | 300 deg. F         | 1000 PSI        |
| N-76-02-304 | 304 Stainless   | 300 deg. F         | 1000 PSI        |
| N-76-02-316 | 316 stainless   | 300 deg. F         | 1000 PSI        |

### 1/4" Long Test Plugs Neoprene Core Temperature and Pressure ratings are nominal and depend on the specific application.

| Part no.     | Body Material   | Temperature Rating | Pressure Rating |
|--------------|-----------------|--------------------|-----------------|
| N-76L-01     | C360 Brass      | 200 deg. F         | 1000 PSI        |
| N-76L-01-LF  | Lead Free Brass | 200 deg. F         | 1000 PSI        |
| N-76L-01-SS  | 303 Stainless   | 200 deg. F         | 1000 PSI        |
| N-76L-01-304 | 304 Stainless   | 200 deg. F         | 1000 PSI        |
| N-76L-01-316 | 316 stainless   | 200 deg. F         | 1000 PSI        |

### 1/4" Long Test Plugs Nordel Core Temperature and Pressure ratings are nominal and depend on the specific application.

| Part no.     | Body Material   | Temperature Rating | Pressure Rating |
|--------------|-----------------|--------------------|-----------------|
| N-76L-02     | C360 Brass      | 300 deg. F         | 1000 PSI        |
| N-76L-02-LF  | Lead Free Brass | 300 deg. F         | 1000 PSI        |
