LIQUID-FILLED

Premium Pressure Gauges

Designed for reliability and long service life, TTP gauges are available with chrome-look or black bezels.

A tough Zytel nylon case and stable liquid fill make them a dependable choice for

DIAL SIZES AVAILABLE

2½ inch dial

Compact for tight installations and panels.

3½ inch dial

Easy to read from a greater distance.

WHY CHOOSE TTP GAUGES?

● TOUGH ZYTEL NYLON CASE

Durable construction for demanding service conditions.

● FULLY FILLED CASE

No air bubble to interfere with stable readings.

● MULTIPLE APPEARANCE OPTIONS

Choose a black or chrome-look bezel.

● INTERNAL CASE DIAPHRAGM

Temperature compensation helps maintain accuracy, especially at lower pressures.

● NON-YELLOWING FILL FLUID

Maintains a clean, professional appearance over time.

● CUSTOMIZATION AVAILABLE

Custom dial graphics, customer branding and alternate pressure scales.

DIGITAL PRESSURE GAUGES ALSO AVAILABLE

Bright display, protective rubber shield and quick-change pressure units for everyday HVAC, hydronic and geothermal service.
